EWSOLUTIONS WINS 'INFORMATION MANAGEMENT SOLUTIONS' AWARD FROM U.S. COMMERCE ASSOCIATION for EIGHT CONSECUTIVE YEARS -- ELECTED TO HALL OF FAME

HINSDALE, IL Sept. 22, 2016 — *EWSolutions* has won the 2016 “Best of Hinsdale” award in the Information Management Solutions category, for the eighth consecutive year, and was elected to be included in the Hinsdale Business Hall of Fame for Data Management Solutions as a result of their continuing excellence.

Each year, the U.S. Commerce Association uses its "Best of Local Business" award program to recognize outstanding local businesses throughout the United States by identifying companies that have achieved exceptional success in their local community and business category. These local companies enhance the positive image of small business through service to their customers and community.

EWSolutions, based in Hinsdale, IL, was founded in 1997. They are a GSA Schedule strategic partner and systems integrator dedicated to providing Global 2000 companies, as well as state and federal government agencies best-in-class solutions focused on enterprise information management, managed metadata environment, business intelligence/data warehousing solutions and data governance and stewardship. *EWSolutions'* consultants average over 16 years of experience and pride themselves on their ability to offer strategic solutions to clients regardless of the industry.

“This award continues to be an honor, truly,” says David Marco, *EWSolutions'* president and founder. “As more and more businesses struggle with staggering quantities of data that are not well integrated, it’s gratifying that the USCA recognizes the impact *EWSolutions* has had, and continues to have, in its community and the larger world market.”

Various sources of information are gathered and analyzed annually to choose the winners in each category. The USCA Award Program focuses on quality, not quantity. Winners each year are determined based on information gathered internally by the USCA and from data provided by third parties. *EWSolutions* has been chosen as the leader in enabling organization of all kinds (large public companies, state governments, federal agencies, privately held organizations) to improve their management and analysis of the data and information. Doing so leads to reduced costs, improved revenue, more effective and timely decision-making, and other benefits.
